SOLUTIONS for thoughts

Zeali is always ready to provide solutions for thoughts that you want to implement for any emergency assistance that makes life easier. Currently we are implementing the smart automation systems for road assistance powered by a combination of AI and IoT. Various sensors come in-built with most of the vehicles, simplifying our task. By monitoring engine parameters, we can warn the vehicle owners of potential breakdowns and notify the nearest service centre. In case of a breakdown, help is immediately dispatched to the vehicle. The emergency button can be pressed which uses GPS and sends data to Zeali for emergency assistance to their current location. This is particularly useful for heavy vehicles and public transport. The device can be purchased through us. The integration and service for the complete system will be provided by Zeali. On basis of the customer request, Zeali prepare a quote and send purchase order to give the better solution. Upon receipt on order, Zeali representative will integrate the smart automation solution on your vehicle. We are always there to give you innovative solutions.
