SOLUTIONS for thoughts

Zeali is always ready to provide solutions for thoughts that you want to special care to the people that makes life easier. Currently we are implementing the smart automation systems for Health monitoring powered by a combination of AI and IoT. One of the challenges physicians face is keeping patients aware of their conditions and cultivating healthy habits that keep them in check. However, a smartwatch could help patients manage their diabetes, hypertension, and other chronic conditions, encouraging them to take greater ownership of their health and data can be validated by nurses. Another solution such as emergency assistance by panic button and monitoring the people movements in home or when they go out of home by motion sensor can be purchased through us. The integration and service for the complete system will be provided by Zeali. On basis of the customer request, Zeali prepare a quote and send purchase order to give the better solution. Upon receipt on order, Zeali representative will integrate the smart automation solution on your home. We are always there to give you innovative solutions.
