What we do in this contract

BUILT TO SERVE

Based up on the request for contract from the customer, Zeali representative will either come and analyses the requirement from the customer or will send us the Request details form that should be filled by customer and send to Zeali. Based upon the analyses, Zeali send the quotation. On basis of customer approval on the quotation, Zeali send the purchase order along with the contract agreement where both the parties can sign and have it for their reference. Now, no need to worry on service, Zeali will take care of everything you need and bring smile on your face.

Once the contract made, Zeali sends the service provider on a required basis according to the above package details for performing the necessary activities. The service providers will be arranged within 12 hrs. for emergency services. In case of any issues created by service provider, Zeali will take a required action on them and arrange new vendor on immediate basis.

Flexible Payment for your home service needs

SOLUTIONS for thoughts

Zeali is always ready to provide solutions for thoughts that you want to implement for car service that makes life easier. Currently we are implementing the smart automation systems with IoT automotive maintenance system that helps a person to take necessary steps to prevent its car parts from sudden breakdown. Just like dashboard indicators of a vehicle, this system alerts the driver about probable malfunctions through car sensors. However, the alerts are sent to the driver's mobile, way before the problem even occurs. This helps the driver to make cost-effective and time-saving steps to avoid component failure while driving. The device can be purchased through us. The integration and service for the complete system will be provided by Zeali. On basis of the customer request, Zeali prepare a quote and send purchase order to give the better solution. Upon receipt on order, Zeali representative will integrate the smart automation solution on your car. We are always there to give you innovative solutions.

Monitoring fault and preventing not to happen again
